**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).

**PETITION TO CORRECT FILING DATE
OF FILED APPLICATION**

Mail Stop: Petition
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Applicant respectfully requests that the filing receipt in the present application be corrected to set forth the correct filing date of the application. A copy of the filing receipt is enclosed.

The correct filing date of the application is June 27, 2003.

Please note that a Notice of Omitted Items in a Nonprovisional Application mailed September 24, 2003 indicated pages missing from the specification. Specifically, page 10 was listed as missing. The Notice set forth three options I, II, and III. Applicant elected option III to accept the application as deposited in the USPTO on June 27, 2003, and did not file any petition under options I and II. However, Applicant submitted a Preliminary Amendment on November 5, 2003, as set forth in the second paragraph of option III to correct the page numbering of the application as filed.

Applicant received a filing receipt setting forth the date of the Preliminary Amendment as the filing date. Applicant respectfully submits that the correct filing date is not November 5, 2003, but is June 27, 2003, and respectfully petitions to correct the filing date. Applicant also requests that a new, corrected filing receipt be issued.

Applicant believes that no fee is due for this petition, but if a fee is due, then the Commissioner is hereby authorized to charge Deposit Account 01-2384 for any fee required by this submission.

Respectfully submitted,

A handwritten signature in black ink, appearing to read 'Thomas', followed by a stylized flourish.
